

# Crock Pot Carrot Cake

I would like to begin this post with an argument. The title of carrot cake is really a misnomer. This shouldn't be considered a dessert. It is based foremost on a VEGETABLE for goodness sake! It is a carbohydrate next and then a treat after that. It is vegetarian, kosher, can be low

fat and I'd almost put the gold sticker of "healthy" on it!

Based on these clear and evident facts, I would like to share with you my recipe for crock pot carrot cake. Serve it for breakfast, after lunch, for an afternoon or evening snack or just about any point of the day. Chalk it up as doing a good deed for yourself. And trust me, this tastes soooo much better than drinking v8!

1 c. flour

1 c. oatmeal

1/2 c. sugar

1/2 c. applesauce

2 t. potato starch

1/4 c. apple juice

1/4 c. vegetable oil

1 t. baking powder

1 t. baking soda

1 t. cinnamon

1 c. grated carrots

1 t. vanilla

1/2 c. raisins

1/2 c. chopped walnuts (optional)

Mix all ingredients in a separate mixing bowl by hand. Coat a loaf pan with non-stick spray and then pour batter in. Place entire loaf pan in crock pot (use oval shaped crock pot to make it fit). Cook on high until center of cake is no longer jiggly— about 2-2.5 hours. Let cool and then smear with whipped cream cheese or cream cheese frosting.

## Crock Pot Fruity Oatmeal

Good morning, friends! While this is technically breakfast and not dinner, I figured a nice, warm meal would be a good way to start Monday morning. After reading pages of posts online, I decided that the only way to figure this recipe out would just be to avoid all the major complaints that people had about the other recipes. So, to save you the time of researching everyone else's negativity, here is the insight and recipe that I have to share with you.

1. Cook time: I suggest 8 hours on the “keep warm” setting. Everyone else said to cook the oatmeal for 4 hours on low, but who wants to get up in the middle of the night to start breakfast?! Cooking on “keep warm” means you can wake up looking rested, too.

2. Burnt edges: The downside of crockpot cooking is the clean up. I've been known to let a burnt pot sit for a couple days. My mother-in-law and I used to joke that we were just letting the dirty ones soak in hopes that someone else would scrub them clean. You can buy [crockpot liners](#) which makes clean up super easy and keeps complaining and procrastination to a minimum.

3. Oats: There are usually three types of oats at the grocery store— quick oats, regular oats and steel-cut oats. If you vary the recipe, you can use any of these, but since I have quick oats in the pantry at all times, that is what I use. Steel cut oats are probably best for crockpotting because of their tough exterior. And yes, I might have just made up that word— crockpotting does look pretty funny, but it's grammatically correct if "to crockpot" was an actual verb.

2 c. **quick** oats

2 cups water

1 cup milk

1 apple, peeled, cored and diced

1/2 c. dried cranberries

1/2 c. applesauce

1/2 t. cinnamon

1 t. vanilla

1/4 c. brown sugar

Add everything to the pot and give it a stir. Set crockpot to "keep warm" setting for 8 hours or to low for 4 hours. Cook overnight for breakfast in the morning, then reheat leftovers with a little bit of water and half and half for breakfast the following day.
