

Crock Pot Tom Kha Soup

A few years ago, I published [this watered down version](#) of my favorite Thai soup. I was just learning to experiment with Thai cooking and didn't have access to the necessary ingredients for this recipe, so I made it with the closest things I could find.

That recipe was FINE. It satisfied my craving for this delicious chicken and coconut milk soup, but I recently decided that I wanted to up the ante and do it correctly, with the legit ingredients. I accepted my own challenge and I'm thrilled with the results. The old version tasted good, no doubt. But this recipe tastes AUTHENTIC.

Thai basil is not the same as regular basil- make sure you grab the correct ingredient!

I can't really explain what makes this soup so good, other than it's ingredients I don't usually cook with at home. Please use fresh herbs, it makes all the difference. You can find fresh lemongrass and Thai basil at some grocery stores and at many international grocery markets. Thai basil is not the same as regular basil- make sure you grab the correct ingredient!

I am blessed to have an amazing neighbor that is gifted with a green thumb; she shares fresh herbs with me and I, in turn, share the foods with her. It's a great exchange and I am grateful for her friendship. I am envious of her ability and patience to garden and someday, I'll be motivated to do more than just putting fresh herbs into mason jars on my bay window!

Try this recipe and see how it compares to your favorite local Thai restaurant. You might figure out that eating at home is just as good, if not fresher and better!
