

# Crock Pot Miso Soup

Restaurant quality soup,  
only easier, cheaper and  
more delicious!

Why go out to eat when you can stay in?! This week I'm working on Asian inspired dishes that are easy to make and taste like take-out— only healthier! Today's soup is super easy. So much so, that you should never actually order it in a restaurant, it's so much better to make at home. I add a couple more vegetables to my miso soup so that it's a more filling appetizer or the start of a great main dish. You can add thin egg noodles, vermicelli noodles, or rice to this soup to make it a complete meal in itself. Don't let the tofu fool you; this isn't a crunchy, earthy food, it's the same thing you order in a restaurant, only better for you! Enjoy. ☐
