

# Crock Pot Pumpkin Pie Applesauce

Pumpkins are not just for fall, make squash of all varieties part of your diet all year round!

Okay fans, it's April and I'm pretty sure we are all just a bit intimidated by summer swimsuit season being just around the corner. But just in case you're still holding onto those ideals of a perfect bikini body– or at least an ounce of confidence when you are poolside sipping on an adult beverage and reading a trashy magazine– I'm offering up this recipe.

I've had requests for more crockpot desserts and this one is a healthy, low-calorie version of a cross between pumpkin pie and apple pie. It will delight your sweet tooth just like two slices of pie, but to your diet– it's two servings of fruit instead.

I suggest serving this dish warm with a hearty scoop of salted caramel ice cream or with honey vanilla greek yogurt.
