

Crock Pot Split Pea Soup (Vegetarian)

This classic soup is a smoky vegetarian delight on a cold winter's night.

I don't usually put specific tags in the titles of my posts, but I think it's really important on this one. It should really say... Crock Pot Split Pea Soup #noham but still #tastesyumy! Haha. I made those up. So this soup is hearty and delicious and still has a great smoky flavor, but doesn't include the typical ham hock that you throw into the pot to add flavor to the broth.

This soup will also freeze and/or reheat really well. Keep this recipe tagged if you are going to bring a dinner to friends (great meal for someone ill, new baby, new home, etc.). Note to self- you might think, oh I'll just double it so I have some for me and some for someone else or later. But you are better off making two batches. You can't really fit 8 cups of broth in most crock pots and the ratio in this recipe makes it the right thickness without crowding the pot. YES-

this does give you permission to buy a [new crock pot](#) so you can double the batch easier! ☐

Crock Pot Creamy Potato Soup

Today was the first day that actually felt like fall. I don't mean like a specialty coffee... I mean hooded sweatshirts, warm blankets, steamy bowls of soup and the sound of rustling leaves. And if you are lucky, you can enjoy all of those things at the same time.

Tonight's Crock Pot Creamy Potato Soup made me think of Friday night football games in high school. And cold walks on first dates. And craving ice cream on a cold winter's night. It's like everything that it supposed to feel cold on the outside, but makes you feel warm on the inside. That's how satisfying this soup tastes.

So I've already posted another version of [Crock Pot Potato Soup](#) already, but I like this one because it includes more vegetables. I've also posted [Crock Pot Parsnip and Potato Soup](#) because parsnip is my second favorite root vegetable. (*Bonus points if you know what my favorite is!*) I also have [Crock Pot Sweet Potato and Corn Chowder](#), if you prefer the orange to the

white. I'm sensing a theme here! I do love potato soup and each recipe is tweaked a little different. I feel like tonight's Crock Pot Creamy Potato Soup is actually a culmination of my favorite things from each of these recipes... but I encourage you to mess around and figure out what your palate prefers with your potatoes.

Crock Pot Creamy Potato Soup

Serves 6-8

6 redskin potatoes, cubed but not peeled

3 parsnips, peeled and cubed

1 c. shredded carrots

4 stalks celery, sliced

1/2 sweet onion, diced

1 12 oz. can cream corn

4 cups vegetable broth

1 t. garlic powder

1/2 t. dried dill weed

1 t. dried basil leaves

up to 1 t. salt (can be added at the end, a little at a time, for flavor)

1 c. cold milk

2 rounded T. corn starch

Clean and prep all vegetables and add to the pot. Add broth

and seasonings and give it all a good stir. Do not add milk or corn starch yet. Cook on low for 6 hours. Add corn starch to milk and dissolve, then add to the pot. Cook on high for one additional hour. Remove lid and let soup thicken a little bit before serving.

Crock Pot Cream of Mushroom Soup

Try different varieties of mushrooms in your soup to enhance the flavor!

Did you have a great weekend? Yeah, I met a real fungi.

Haha, fungi humor still cracks me up. Get it? Get it? Funguy?! Bwahhh ha ha ha. This recipe calls for at least three different kinds of mushrooms because I love the variety of texture. If you don't like mushrooms, don't make this recipe,

make a different soup like [Crock Pot Creamy Tomato Soup](#) or [Crock Pot Cream of Celery and Leek Soup](#). This mushroom soup is earthy and pungent in all the right ways.

You can get mushrooms all year round, but I suggest you try different varieties each time you make this. For example... your standard button mushroom is a great basic, but play around with oysters, enochi, portabello, or bunapi. No, those are not made up words, they are varieties of mushrooms!

This recipe requires very little measuring, which might make some of you uncomfortable. But, rest assured, that you would have to work so very hard to mess this up. Don't over season the soup— it's better to add a little salt and pepper at the end instead of at the beginning.

I like my mushroom soup to be smooth and creamy so I use [a hand blender](#). If you like a more chunky soup, then try pulling 2 cups of the soup out and pureeing that, then add it back in. The soup will still feel smooth, but will retain the majority of chunks for bigger texture.

Try adding in other veggies for a more full flavor, if the mushroom intensity is too much for you. You can add chopped celery, green onions, chopped carrots, a can of green chiles or even some corn to adapt the flavor. I am making a simple version of this soup, but feel free to add more fun to your fungi as you experiment.

Crock Pot Cream of Mushroom Soup

Serves 6-8

4 cups mushrooms, cleaned, stems discarded, and caps cut into bite-sized pieces

32 oz. vegetable broth

2 cloves garlic, minced

4 sprigs fresh thyme (just the leaves)

1/4 sweet onion

2 cups milk

2 T. corn starch

Add all of the ingredients into the crock pot EXCEPT the milk and corn starch. Cook on low for 3-4 hours. With one hour left to cook, dissolve corn starch in the milk and then stir into the soup. Puree the soup using [a hand blender](#) until texture is smooth. The soup should thicken in the last hour and then a bit more once served. Add salt and pepper as needed once cooking is complete.

Crock Pot Summer Vegetable Puree

As much as winter is the time for soups and stews, I really like summer soups too. This one isn't too hearty since it's a puree and I think it tastes really light when it is served warm, not hot. I've had to become really creative with vegetables this summer— with so much amazing local produce, I

tend to over buy!

I like to base this recipe on carrots, because the orange color of the puree is so inviting, but feel free to experiment

with whatever is in your basket. Just remember to include a starch (potato, sweet potato, kohlrabi, etc.) to help thicken the dish and something sweet (apple, beet, melon, peach) to make this unique for summer. Herbs are totally up to your discretion, too. I like fresh basil, but if you have rosemary or thyme or some oregano, those would be great as well.

Whatever you do, you are making a crock pot of wonderful by using fresh vegetables and your imagination. This should be served in a bowl, but it's perfect when it's thicker than soup, but thinner than mashed potatoes. PS— it's also a GREAT puree for baby food, but you can make it for your whole family to eat. Enjoy!

4 c. fresh carrots

2 stalks celery, chopped

2 yellow squash, cut into chunks

1 medium sweet onion, chopped

2 medium potatoes, cut into chunks

1 medium apple, cut off of core

2-3 cloves garlic, chopped

1 t. salt

1/2 t. black pepper

6-8 leaves fresh basil

2-3 c. vegetable broth

Put all vegetables and herbs into the crock pot, pour broth on top. Cook on high for 6 hours. Using immersion blender, puree in pot. (If you don't have one, then let dish cool and puree in batches in a standard blender.) Serve with a dollop of sour cream or greek yogurt on top and a sprinkle of fresh herbs.

Crock Pot Fish Chowder

This recipe has evolved from an amazing chowder that I once had at the Columbus International Festival in Ohio. I think it was the Scandanavian table that was honoring their long-standing countrymen's careers of treacherous trips on the ocean. I think it was really to honor the countrywomen's careers of having boatloads of fish to cook and trying to come up with new recipes that didn't resemble a fish face.

Now this recipe can easily be done in a pot on the stove and done in an hour, but then the flavors wouldn't have a chance to fester all together. I prefer it in the crock pot, usually made from leftover salmon or tilapia. You could probably use halibut, red snapper or maybe even some trout if you wanted to, depending on what you like. If you don't have leftovers to use, then just throw the (deboned, please) fish filets into a pan with a little butter, salt and pepper and then bake it, let it cool and flake it. Realistically, a budget-minded mama could also use a couple cans of pink salmon and still have a similar result.

Well, if we wanted to, we could start by sauteeing up some diced bacon with the mirepoix (fancy word for chopped carrots, celery and onions) and then including it all in the pot for a smoky and salty addition. Or, we could throw in half a pound of shrimp at the end of the day and make the chowder heartier. But I keep it simple and it's still a crowd-pleaser and probably a little healthier too.

4 carrots, peeled and diced

3 celery stalks, diced

1 medium onion, diced

1 chopped zucchini, unpeeled

3 cups vegetable broth

2 bay leaves

1 clove garlic, minced

salt and pepper

1/2 – 1 lb fish– no skin, no bones; cooked, cooled and flaked

(1 T. corn starch dissolved into 2 cups cold milk)

Put all ingredients (except corn starch and milk) in the crockpot, with the fish being last. Cook 4-6 hours on high. Remove bay leaves. Dissolve corn starch in cold milk and then add to the pot 1 hour before serving.

If you'd like to add some variety, offer cheddar cheese, chopped scallions and puffy oyster crackers to top your fish chowder. Or a toy boat, if you can find one that hasn't been in the bath.

Crock Pot Vegetarian Lentil Soup

There used to be this great Greek restaurant that I frequented that served lentil soup in a styrofoam cup. It was always hot and fresh and the lentils were soft without being mushy. I would frame my entire meal around saving room and money for the soup. This recipe mirrors the flavors and warmth of the soup but without a disposable cup. Unlike my vegetarian vegetable soup which is savory and chunky, this lentil soup is hearty and robust with even more amazing health benefits. Lentils are high in protein, iron, amino acids and when you add in the lycopene in the tomatoes and then all the vitamins, folic acid and antioxidants in the spinach... this soup is like a power boost for your whole system. Oh yeah, and it tastes amazing too.

Feel free to serve it in a real bowl and maybe with some crusty bread instead of saltines.

2 cups lentils

8 cups vegetable broth
1 onion, diced
3 stalks celery, diced
2 carrots, chopped
6 oz. fresh spinach, chopped
2 cloves garlic, minced
1 t. salt
1/2 t. pepper
1 t. oregano
1 t. cumin
2 bay leaves
1/4 t. cayenne pepper
1 14 oz. can diced tomatoes
1 T. red wine vinegar

Put everything in the crockpot and cook on low for 8 hours, but add the vegetable broth LAST. Most likely, you won't have room to pour all the liquid in yet. Once the vegetables have all cooked down, then add the rest of the liquid. My 5-qt crock pot is filled to the rim by the time everything is included.

This soup also freezes really well, so save half the pot for a meal another time.
